PHILOSOPHY

SURROUNDED BY SWEEPING MOUNTAIN VISTAS AND DEEP GREEN FORESTS, BLACKBERRY FARM SHARES A RARE AND POWERFUL CONNECTION WITH NATURE.

We believe embracing the balance of the seasons and the abundance of our fields and forests is key to transforming our bodies; in fact, for years, we’ve relied on nature’s ability to renew. Shaped by this philosophy, our Wellhouse spa program—from wellness to treatments—is deeply rooted in the rhythms of the Foothills region.

We bring a seasonal approach to the latest advances in skin and body science, crafting personalized treatments to suit any stay or request. Ingredients for all Wellhouse treatments aim to utilize local flowers, herbs, fruits, vegetables and other healing elements. Every offering is designed to immerse you in the restorative peace of our mountains.
“In silence, there is eloquence. Stop weaving and see how the pattern improves.”

TOTAL WELL-BEING MASSAGE

For centuries, massage has soothed souls, strengthened bodies and calmed minds. Recent scientific studies prove why: massage alleviates anxiety and depression, lowers blood pressure, increases circulation, stimulates brain chemicals to induce a state of well-being, decreases pain and stiffness while increasing range of motion, improves sleep, reduces chronic back pain, boosts the immune system, relieves symptoms of PMS, improves mental focus and alertness, and reduces migraines and tension headaches.

The Wellhouse harnesses the power of aromatherapy to boost the effects of your massage. Select from four signature blends—Meditate, Inspire, Chill and Re-Boot—to enhance your sensory experience.

WELLHOUSE SOOTHE

Our most popular massage utilizes a combination of classic Swedish strokes to improve circulation and gentle stretches to relieve muscle tension. Warm compresses cradle the feet and back, helping you to surrender all stress. Available in 50, 80 and 110 minutes.

DEEP TISSUE MUSCLE RECOVERY

An ideal selection for any fitness enthusiast, this massage utilizes a combination of pain relieving techniques, arnica oil and balm, warm compresses and deeper pressure to enhance the body’s recovery from a strenuous activity or sport. Available in 50 and 80 minutes.

COUPLE’S MASSAGE

Enjoy a massage side-by-side with the one you love in one of our duet massage suites. You and yours must have a massage of the same duration, but may select your choice of: Wellhouse Soothe, Deep Tissue Muscle Recovery, Mother-to-be, and Hesse Creek Hot Stone. Available in 50, 80 and 110 minutes.

HESSE CREEK STONE MASSAGE

Feel at one with Mother Earth as warm and cool stones are smoothed across sore, tired muscles. This popular massage dispels stress and tension, leaving you relaxed, revitalized and renewed. Available in 80 and 110 minutes.

REIKI

A unique Japanese energetic therapy that employs light touch to soothe the mind, relax the body and improve energy flow. Experience a greater feeling of peace, security and overall well-being. Available in 50 minutes.

HEALING HERBS & FLOWERS

This delightful massage offers a multitude of therapeutic benefits. Choose Renew to energize and uplift, Detox to cleanse and purify or Rest to relax body and mind. Muscular tension is dispelled with a healing massage using potent blends of essential oils. Next, poultices filled with farm-fresh herbs and flowers are steeped in warm water and applied to the body. The soothing warmth induces a deeper state of relaxation while the heat and herbs signal the body to regenerate and repair tissues. Available in 80 and 110 minutes.
THAI MASSAGE

Traditional Thai massage has been practiced for more than 2,500 years and still is used as a form of medical massage to treat numerous diseases. Enjoy this harmonizing experience of stretching, massage compression, acupressure and yoga like positions to release tight muscles and rebalance your system all preformed on our traditional Thai massage mat. Please wear loose fitting comfortable clothing for this treatment. Available in 80 or 110 minutes.

MOTHER-TO-BE MASSAGE

Prenatal massage can reduce stress and fatigue, joint and muscle pain, lower leg edema and improve sleep. This effective and relaxing treatment goes one step further and by giving the Mother-to-be an application of a Gotu Kola Healing Balm to reduce the appearance of stretch marks and ease dry skin. Available in 50 minutes.

GALVLATI (‘GAH LUH LA TEE’)

The Cherokee word for ‘heaven’ is a dance of four hands synchronously weaving patterns of blissful relaxation. As two therapists focus their intentions on creating an experience that encourages the release of stress and tension, the body and mind are gently reminded of the beauty of balance, assuring you a journey to galvlati. Available in 50 and 80 minutes.

REVITALIZING FOOT MASSAGE

Everyday living can create an imbalance in the body’s energy zones. This calm-inducing, ancient Chinese technique restores harmony by applying pressure to reflex points in your feet that respond to specific energy zones in the body—a powerfully relaxing treatment. Available in 50 minutes.

DEEP HEALING WOODS

Rooted in nature and proven by science, Blackberry Farm’s Deep Healing Woods activities offer one-of-a-kind experiences with established psychological and physiological benefits.

Groundbreaking research out of Japan highlights the numerous benefits of forest bathing, also known as Shin-rin Yoku, which include enhanced physical fitness, accelerated healing, increased mental focus and improved biological responses to reducing stress and fighting disease.

Journey to the Deep Healing Woods to connect with the earth, connect with nature and connect within to revitalize your internal source of health, energy and well-being.

All Deep Healing Woods activities are 90 minutes and are available in one-on-one or group sessions.

EARTHFIT ENDURANCE HIKE

This high-intensity workout is ideal for any fitness level. Designed for optimal body conditioning and recovery, this activity includes a pre-workout stretching session to warm the muscles and promote circulation. A fast-paced hike encourages cardiovascular strength and endurance. At the conclusion of the physical exertion stage, guests are led in a guided stretch and meditation session to improve body recovery and mental restoration.

DEEP HEALING WOODS YOGA

Yoga means ‘union,’ and when practiced outdoors, a greater sense of connecting with the universe can be evoked. Many of yoga’s asanas (postures) reflect animals and nature. Allow the breeze to expand your breathing, the warm sun to deepen your pose, making muscles more pliable, and let a ladybug invite you to focus on something small and still. Enjoy a sense of harmony, timelessness and union with Mother Nature.

DEEP HEALING WOODS MEDITATION

For centuries, monks the world over have taken to the forest to elevate their meditation practice and become one with the universe. Drawing upon this ancient wisdom, we, too, take you to the Deep Healing Woods to clear your mind, calm your soul and heighten your awareness. Discover how going within can provide an innate sense of connection with oneself and all living things.

EARTHFIT FOREST RUN

The same structure and numerous benefits of EarthFit Endurance Hike, only tailored for those that love to run.
Because Blackberry Farm living embodies so many principles of well-being, we hope to motivate and inspire our guests to take a bit of Blackberry wisdom home and continue enjoying the benefits long after you’ve left.
