HORSEBACK RIDING

Blackberry Farm has an adjoining 150-acre property as the setting for our new equestrian facility! Only a mile from the main entrance, the equestrian facility includes an arena, creek side riding and lovely vistas. Blackberry Stables offers direct access to the beautiful Foothills of the Great Smoky Mountains. Transportation is provided from the Oak Cottage. We have attractive, well-trained horses and friendly professional instructors/guides! Our trail rides are designed to be safe, informative, pleasurable adventures into our beautiful Smoky Mountains foothills. Our instruction is planned with recreational riding and driving in mind. All rides are private and by reservation. If you are traveling with a group, and wish to ride together, expect one instructor/guide for every two riders. All group trail rides will be conducted at the level of the least experienced rider. The mental and physical well-being of our horses is a primary focus at Blackberry. Natural Horsemanship techniques are incorporated in every ride. Those wishing to learn more about Natural Horsemanship are encouraged to sign up for our Natural Horsemanship instruction.

To assist us in making a good equine match, and to provide an exemplary experience, please provide height, weight, experience, discipline (ie: foxhunting, showing, eventing, reining, polo, roping, cutting, trail riding, endurance, etc.) and tack preference (English or Western) for each rider as well as ages of children. All minors must be accompanied by a parent, unless approved by the Equestrian Management in advance.

HORSEBACK RIDING SAFETY
For the safety of riders and to promote humane treatment of our horses, our trail rides, by default, are walking trail rides. Each horse is in continuous training to ensure safe experiences for current and future riders. An unskilled rider attempting to ride at speed, will, without malice, inadvertently damage this careful training. Only schooled and seasoned riders will participate in rides faster than a walk. This is responsible practice and industry standard at all credible equestrian facilities. Accomplished riders requesting to trot or canter on trail rides will first be asked to perform a skills test in the arena, to the satisfaction of the instructor/guide. Those riders will be asked to:
- Execute a posting trot in each direction
- Execute a controlled canter away from the barn
- Transition from a canter to a walk in the direction of the barn
- Demonstrate the ability to maintain balance and control at speed
- Navigate obstacles at speed
If you are uncertain as to your ability, or if it has been many years since you have ridden, please sign up for Recreational Riding Instruction prior to your trail ride for a professional assessment.

Children must be accompanied by a parent. By reservation, this is a private experience. Please provide previous equine experience, and ages of children.
